

REMARKS

Claims 1 through 16, 18 through 20, 22 through 36 and 38 through 44 continue to be in the case.

Claims 19, 22 and 23 are being amended.

Claims 17, 21 and 37 are being cancelled.

The Office Action refers to Priority.

1. Receipt is acknowledged of papers submitted under 35 U. S. C. 119(a)-(d), which papers have been placed of record in the file.

Applicant thanks the Examiner for recognizing applicant's priority papers. Applicant is relying on the receipt of this papers in his claim for priority.

The Office Action refers to Drawings.

2. The drawings stand objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the angle of the rolling curve arc, and the cylindrical forming tool must be shown or the feature(s)

anceled from the claim(s). No new matter should be entered. A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Applicant is canceling claims 17 and 37 to remove the drawing objection.

The Office Action refers to Claim Rejections - 35 USC § 112.

4. Claims 17, 19, 21, and 37 stand rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. Claim 17, the structure of the cylindrical forming tool is not clear.

Applicant is canceling now claim 17 in order to advance issuance of a patent. Claim 19 is changed in its dependency so as to not depend on a cancelled claim.

Claim 21, it is unclear as to how "the driven gear wheel of one driven and driving gear set functions as the driving gear of another driven and driving gear wheel set." Specially, in the specifications, the applicant asserts the system is driven at the drive side 5.

Applicant is canceling now claim 21 in order to advance issuance of a patent.

Claim 37, the structure of the angle of the rolling curve arc is not clear.

Applicant is canceling now claim 37 in order to advance issuance of a patent.

The Office Action refers to Allowable Subject Matter.

5. Claims 1-16, 18, 20, 22-36, and 38-44 are allowed.

Applicant gratefully acknowledges the indication of allowability of Claims 1-16, 18, 20, 22-36, and 38-44.

Applicant is correcting the dependency of claim 19 such that claim 19 now will depend on an allowable claim 14.

Reconsideration of all outstanding rejections is respectfully requested.

All claims as presently submitted are deemed to be in form for allowance and an early notice of allowance is earnestly solicited.

Respectfully submitted,
Jorg Oser
